# Axcess ™ 6500 Series

Combining individual compartment control with smart sensor technology to automatically count every item

## Automated Locker System

Powered by Connect n' Go ™ Technology

**Smart Sensor Platform**
Counts when any item is removed or added.

**Incredibly Versatile**
Each platform accommodates a wide range of items from 30g to 10kg.

**Flexible Configurations**
Customisable compartments to organise a wide range of materials.

**Fast, Easy Stocking and Restocking**
Items are quickly placed onto the platform in their native state (no re-packaging required).

**Ultra-High-Density Storage**
Accommodates a high volume of items. No wasted space.

**Supported User Access:**
- Keypad
- Barcode or magnetic strip cards
- RFI proximity cards

**LED Lighting**
Compartments are brightly illuminated. Door handle lights up blue to guide user to selected compartment.

---

- **Increase accountability and item control**

  Individual compartment control dramatically reduces loss and theft of mission-critical parts, supplies and consumables.

- **Customisable compartments**

  More than 25 different combinations to organise your supplies. Ultra-high-density storage with no special packaging.

- **Fast, intuitive setup**

  Teaching the smart sensor to recognise new items is as easy as 1-2-3.

- **Added level of control and visibility**

  Our Trajectory Cloud ™ software gives you 24/7 control of your inventory. Monitor usage, spot trends, and analyse your real-time supply and materials.

Combine short and tall divider walls to organise and dispense everything from small parts to bulky and irregularly shaped items.

Mix and Match for Your Inventory Needs

### Axcess 6518
18-Door Locker

### Axcess 6521
21-Door Locker

### Axcess 6524
24-Door Locker

### Axcess 6527
27-Door Locker

Width:  1295 mm
Depth:  750 mm
Height:  1985 mm
Voltage:  100-240VAC
Frequency:  47-63Hz
Amperage:  3.2A

Weight:  295kg

Weight:  317.5kg

Weight:  345kg

Weight:  500kg

3-door compartment interiors are
215 mm H x 254 mm W x 523 mm D
6 door compartment interiors are
71 mm H x 254 mm W x 523 mm D

Each compartment features a platform that
accurately senses how many items are on the
platform at all times.

Sensor platforms count individual
items weighing 30g to 10kg.

## Trajectory™ cloud

### Trajectory Cloud: The Smarts Behind The Axcess Automated Lockers System

Trajectory Cloud ™ software makes these smart devices
absolutely brilliant. You'll know who used what, when and
where, 24/7. You can also automate replenishment and set up
alerts and notifications to put an end to being out of stock.

PLUG IN    CONNECT    READY

### Connect n' Go Technology Makes It Easy to Implement.

All Axcess devices are easy-to-use Internet
appliances (MS Windows-free). They're powered by our
Connect n' Go ™ Technology, so you simply plug the device
into a power supply, connect to the Internet and you're
ready to go.
