

EDGE 5000 Series

Provides user-level access control and individual item dispensing

Single-Item Dispensing

Powered by Connect n' Go Technology

Adjustable Shelf Height and Tray Configurations
Adapts to a wide range of item sizes and shapes.

Patented Verified-Vend™ Technology
Senses and confirms each item dispensed.

Broad Range of Dispense Accessories
Reduces the need for repackaging.

Supports a Wide Range of User ID
Choose from barcode, magnetic strip, RFI proximity cards or keypad entry.

Padded Delivery Bay
Safely dispenses highly sensitive or fragile items.

Heavy-Duty Construction
Engineered for harsh industrial environments.

- Outstanding inventory control
A range of three devices provides single-item dispensing of parts, materials and supplies, including fragile and refrigerated items.
- Flexible configurations
You can move tray dividers, change tray heights, interchange helixes, add spacers, risers and adapters to make the EDGE 5000 even more versatile.
- Faultless transactions
Dispense up to 60 SKUs with limited repackaging needed.

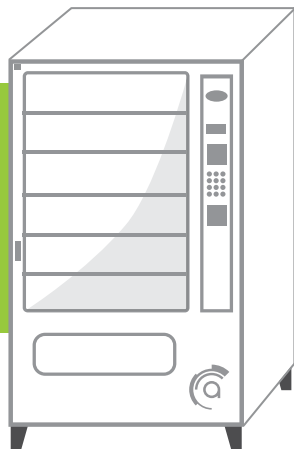

Exclusive Versatile Dispensing Modules (VDM) provide single-item dispensing of batteries, aerosol cans and other hard-to-vend items.

LEAN VEND

EDGE 5000 Series

Exceptional Value and Surprising Versatility

EDGE 5000

EDGE 5000E

EDGE 5000ER

Max Capacity: 60 unique SKUs, 1,800 total products
Voltage: 230VAC
Frequency: 50Hz

Original, versatile dispensing solution for exceptional individual item control.

Height: 1840 mm
Width: 1060 mm
Depth: 930 mm
Weight: 285kg

Height: 1850 mm
Width: 1055 mm
Depth: 980 mm
Weight: 333kg
Amperage: 1.1A

Refrigerates items to 2° C and uses robotic elevator delivery technology for gentle dispensing.

Height: 1850 mm
Width: 1055 mm
Depth: 980 mm
Weight: 372kg
Amperage: 3.1A

Trajectory Cloud: The Smarts Behind The EDGE Single-Item Dispensing System

Trajectory Cloud™ software makes these smart devices absolutely brilliant. You'll know who used what, when and where, 24/7. You can also automate replenishment, and set up alerts and notifications to put an end to being out of stock.

PLUG IN CONNECT READY

Connect n' Go Technology Makes It Easy to Implement.

All EDGE devices are easy-to-use Internet appliances (MS Windows-free). They're powered by our Connect n' Go™ Technology, so you simply plug the device into a power supply, connect to the Internet and you're ready to go.
