

### Easy Access, Easy Tracking

Authorised users can select what they need, while smart sensors automatically count every item removed or restocked.

### High-Density Inventory Control

Fill each shelf to capacity to dispense mission-critical supplies and materials at the point of work.

### Pinpoints Usage

Tracks where supplies are used, by individual, department, cost center, work order and more.

### Flexible Configurations

Optimise for your product mix with combinations of shelf dispensers, pushers and bins to manage a wide range of products.

### Supports a Wide Range of User ID

Choose from barcode, magnetic strip, RFI proximity cards or keypad entry.

- **Intelligent inventory tracking**  
No RFID tags required. No need to rely on manual entering of items taken or added.
- **Increase accountability and control**  
Smart sensors count every item to increase visibility and eliminate being out of stock.
- **Point-of-use productivity**  
Provides quick access to critical supplies and tools, 24/7.

Bins, pushers and smart platforms count every item removed or added.

# MegaStore™ 9000

Easily Configured to Provide High-Density Dispensing

MegaStore 9000

Width: 1030 mm  
Depth: 870 mm  
Height: 1990 mm  
Weight: 206kg  
Electrical: 100-240VAC/1ph/50-60Hz/1.2A

## Trajectory Cloud: The Smarts Behind The MegaStore 9000

Our Trajectory Cloud™ software makes these smart devices absolutely brilliant. You'll know who used what, when and where, 24/7. You can also automate replenishment, and set up alerts and notifications to put an end to being out of stock.

PLUG IN CONNECT READY

## Connect n' Go Technology Makes It Easy to Implement.

All MegaStore devices are easy-to-use Internet appliances (MS Windows-free). They're powered by our Connect n' Go™ Technology, so you simply plug the device into a power supply, connect to the Internet and you're ready to go.
