Trajectory Cloud: The Smarts Behind
The SOLO Series

Trajectory Cloud™ software makes these smart devices absolutely brilliant. You'll know who used what, when and where, 24/7. You can also automate replenishment and set up alerts and notifications to put an end to being out of stock.

Easy to Use.

Easy to Implement.

Easy to Afford.

Connect n' Go Technology Makes
It Easy to Implement.

All SOLO devices are easy-to-use Internet appliances (MS Windows-free). They're powered by our Connect n' Go™ Technology, so you simply plug the device into a power supply, connect to the Internet and you're ready to go.
